

MIKE RENICK

Executive Director

Mike hails from Cape Girardeau, Missouri where he lives with his wife, Jessie, and their four children. Over the years, Mike has been deeply involved in parish life—from participating in youth group as a teenager, which led him to attend two World Youth Day gatherings, to serving as a lector and, more recently, as part of the parish Music Ministry. He has also dedicated time and leadership to TEC and Cursillo retreats, and helped produce some of the earliest reflections for The God Minute.

After 26 years in local radio broadcasting, Mike is excited to begin a new chapter with The God Minute. Having served as General Manager for multiple radio stations, he brings exactly the kind of leadership and experience needed in an Executive Director. Mike understands the importance of audio quality, production flow, and consistency in the audio space—ensuring each episode is clear, polished, and delivered on time. Beyond the technical side, he has extensive experience managing schedules, coordinating contributors, and keeping operations running smoothly behind the scenes. Just as importantly, his background in radio reflects a deep appreciation for the power of voice and message, making him uniquely equipped to help The God Minute continue the work of Evangelization, reaching hearts around the world with prayer that is spiritually enriching and beautifully produced.
