

The first person to answer will probably be the secretary who will forward your call to the appropriate person (probably the bulletin editor). S/he just needs the basic purpose of the call.

Hello, I am a parishioner and I would like to put a notification in the upcoming bulletin inviting people to an online prayer group I belong to. Can you transfer me to someone who may be able to help me with that?

You will probably be transferred to the bulletin editor or, maybe, one of the priests or deacons who has to clear it before publishing. Either way, here is an example of the request:

Hi, my name is _____ and I am a parishioner here. I belong to a Catholic Online Prayer group called, The God Minute. It is put out by the Vincentian priests and brothers. I find it so beneficial to my own prayer life and would like to let other members of the parish know about it by putting a notice in the bulletin.

Is that something you might consider?

Hopefully the answer is yes and then all you need to do is get their name and contact info (email or phone) and tell them one of the priests (Fr. Ron or Fr. Michael) will get in touch with them soon.

Then go to the APP BLOG and fill out the simple form giving us their information. You can also do it on our website. Thank you!!
